ACISS PCSO - INCIDENT 05-226616

Report Date: 09/12/2005

Narrative

I was dispatched to the occurred reference to a possible domestic in progress. Upon my arrival, I made contact with Desiree Capuano who informed me that she and her husband, Michael Capuano, had been in a verbal argument over various things.

Desiree informed me that Michael is upstairs in the shower, at which time she called for Michael to come downstairs. Michael then came downstairs wrapped in a towel. Michael also said that he and Desiree had been arguing. Both said that it was verbal only, which they had already settled and they were getting ready for bed.

Both appeared to be calm and there were no signs of any physical altercation and I observed no injuries to either party. Desiree said it might have sounded physical because she was stomping her foot on the floor stressing her point at the time.

Settled on scene.
